Warren, MI – September 21, 2015 – “Premium service, reliability, scalability – those are the watchwords of supply chain professionals who need to provide service to their increasingly demanding customers. Everyone is seeking to do more with less inventory in the pipeline. That is a near-impossible task without reliable transportation partners. Inbound Logistics recognizes Universal Truckload Services, Inc. as a 2015 Top 100 Trucker for consistently matching the needs of world-class logistics practitioners with speed, reliability, and efficiency.” Quote provided by: Felecia Stratton, Editor, Inbound Logistics

#### Top 100 Selection Methodology

Inbound Logistics' Top 100 Truckers list serves as a qualitative assessment of service providers we feel are best equipped to meet and surpass readers' evolving motor freight transportation needs. Distilling the Top 100 is never an easy task. Each year, Inbound Logistics editors select the best transportation providers by carefully evaluating submitted information, conducting personal interviews and online research, and comparing that data to our readers' burgeoning motor freight and logistics challenges. IL editors selected this year's class of Top 100 Motor Carriers from a pool of more than 200 companies. The service providers we selected are companies that, in the opinion of IL editors, offer the diverse operational capabilities and experience to meet readers' unique supply chain and logistics needs.
